EDUCATION

The Pennsylvania State University, College of Information Sciences and Technology August 2026

Bachelor of Science: Cybersecurity Analytics and Operations, Application Development Concentration

GPA: 3.5/4.0

Dean's List

Spring 2024, Fall 2024

TECHNICAL EXPERIENCE

Cybersecurity Specialist Internship

Remote

Penn State IT

May 2026 – August 2026

- Collaborated with Firewall, Identity and Access Management, and Enterprise Security teams
- Designed firewall rules and policies independently in both real-world and simulated environments
- Assisted Identity and Access Management team with identity-proofing and learned role-based guidelines

PROJECTS

Personal Website: dannysalvey.github.io

University Park, PA

Independent Project

February 2026 – Present

- Developed a personal web application using HTML, CSS, and JavaScript, building features from scratch
- Applied React Framework to create strong application design consistency and support user experience
- Independently learned development concepts while translating technical knowledge into a user-facing application

System Image Forensic Analysis

University Park, PA

CYBER 440: Cyber Capstone

January 2026 – May 2026

- Investigated a compromised ~ 200 gigabyte system image using forensic tools to identify system artifacts
- Utilized FTK Imager, Autopsy, and DB Browser for SQLite to analyze data and support investigation
- Collaborated weekly with a small group to discuss technical findings, interpret large data sets, and problem-solve

SKILLS

- Application Development: Java, JavaScript, Python, SQL, HTML, CSS, React, Next.js, GitHub, JSON
- Cybersecurity: Microsoft Entra, Active Directory, Splunk, Palo Alto Panorama, Next-Gen Firewalls
- Forensics: FTK Imager, Autopsy, DB Browser for SQLite

LEADERSHIP & EXTRACURRICULAR EXPERIENCE

Penn State Blue Band

University Park, PA

Drumline Member / Center Snare

August 2022 – May 2026

- Served as Center Snare for two years, helping lead rehearsals and performances, initiate music, and lead the band onto the field at dozens of football games in Beaver Stadium
- Balanced over 12 hours of weekly rehearsals, gameday commitments, full-time coursework and a part-time job while maintaining strong academic performance
- Led supplemental drumline rehearsal and provided private individual instruction to help fellow members develop their music and performance skills
- Memorized and performed 3 pieces of music and marching drill per week, demonstrating preparation, time management, discipline, and attention to detail
